

2017 Comprehensive

# FORMULARY

(Complete list of covered drugs)

AARP® MedicareRx Preferred (PDP)

**Please read:** This document contains information about the drugs we cover in this plan.

For more recent information or if you have other questions, please call AARP MedicareRx Preferred (PDP) Plans Customer Service at:

Toll-Free **1-888-867-5575**, TTY **711**

8 a.m. - 8 p.m. local time, 7 days a week

**[www.MyAARPMedicare.com](http://www.MyAARPMedicare.com)**

If you are a member of a group sponsored plan (your coverage is provided through a former employer, union group or trust), please call the UnitedHealthcare Customer Service number on the back of your member ID card.

**AARP** | MedicareRx Plans  
insured through UnitedHealthcare

This Comprehensive Formulary is a **complete list** of the drugs covered by our plan. It is current as of August 1, 2016.

For an up-to-date formulary (drug list), please call us. Our contact information, along with the date we last updated the formulary, is on the cover.

When this formulary (drug list) refers to “we,” “us,” or “our,” it means UnitedHealthcare. When it refers to “plan” or “our plan,” it means AARP MedicareRx Preferred (PDP) Plans.

This list of covered drugs is called a Formulary. We call it a “drug list” for short.

**Note to existing members:** This **complete drug list** has changed since last year. Please review this document to make sure your drugs are still covered. In most cases, you must use network pharmacies to have your prescriptions covered by the plan.

## The AARP MedicareRx Preferred (PDP) Plans

# COMPREHENSIVE FORMULARY (drug list)

A formulary (drug list) is a list of covered drugs selected by your plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program.

Your plan will generally cover the drugs listed in our drug list as long as the drug is:

- Medically necessary
- The prescription is filled at a plan network pharmacy
- Other plan rules are followed

For more information on how to fill your prescriptions, please review your Evidence of Coverage.

This document is a **complete drug list** of the drugs covered by your plan.

For your drug to be covered by your plan, it must be included in the complete drug list.

To find out if your drug is covered:

1. See if your drug is included in this **complete drug list**.
2. Visit your plan website. Use the online tools to look up your drugs. The information is updated on a regular basis. The web address is on the cover.
3. Or call UnitedHealthcare Customer Service. Our contact information is on the cover.

In most cases, your prescription must also be filled at one of our network pharmacies.

## **The drug list may change**

We try to make as few changes to the drug list as possible during the plan year.

- If there are changes to the drug list, such as regular or necessary updates, members may see information in their Explanation of Benefits (EOB) statements.
- If there are changes to the drug list outside of regular or necessary updates, members may receive a special mailing.

The drug list may change during the year if your plan:

- Adds new drugs, including generic drugs, as they become available.
- Removes a drug that has been found to be ineffective or unsafe.
- Changes the requirements or limits for a drug.
- Moves a drug into a different tier.

Generally, if you are taking a drug on the 2017 drug list that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2017 plan year except when a new, less expensive generic drug becomes available or when new information about the safety or effectiveness of a drug is released.

Other types of drug list changes, such as removing a drug from the list, will not affect members who are currently taking the drug. For those members it will remain available at the same cost for the remainder of the plan year. We feel it is important for you to have access for the entire plan year to the list of drugs that were available when you chose your plan, except when you can save additional money or your safety is a concern.

If we remove drugs from our drug list, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, during the plan year we must notify affected members at least 60 days before the change becomes effective, or when the member requests a refill of the drug. At this time the member will receive a 60-day supply of the drug.

If the Food and Drug Administration (FDA) declares a drug on our drug list to be unsafe, or if the drug's manufacturer removes the drug from the market, your plan will immediately remove the drug from the drug list and notify members who take the drug. The enclosed drug list is current as of the date printed on the cover. To get updated information about the drugs covered by your plan, please call UnitedHealthcare Customer Service or visit our website using the information provided on the cover of this drug list.

## Drug payment stages and drug tiers

The amount you pay for a covered drug will depend on:

- **Your drug payment stage.** Your plan has different stages of drug coverage. When you fill a prescription, the amount you pay depends on the coverage stage you're in.
- **The drug tier for your drug.** Each covered drug is in one of five drug tiers. Each tier has a co-pay and/or co-insurance amount. The chart below shows the differences between the tiers.

**For more information about drug coverage and co-pay or co-insurance amounts for each tier, please review your Evidence of Coverage.**

Drug Tier	Includes
<b>Tier 1: Preferred generic</b>	Lower-cost, commonly used generic drugs.
<b>Tier 2: Generic</b>	Many generic drugs.
<b>Tier 3: Preferred brand</b>	Many common brand name drugs, called preferred brands, and some higher-cost generic drugs.
<b>Tier 4: Non-preferred drug</b>	Non-preferred generic and non-preferred brand name drugs. In addition, Part D eligible compound medications are covered in Tier 4.
<b>Tier 5: Specialty tier</b>	Unique and/or very high-cost drugs.

### If you qualify for Extra Help

If you qualify for Extra Help for your prescription drugs, your co-pays and co-insurance may be lower. Members who qualify for Extra Help will receive the "Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs" (LIS Rider). Please read it to learn about your costs. You can also call UnitedHealthcare Customer Service. Our contact information is on the cover.

## How to use the drug list

There are two ways to find your prescription drugs in this complete drug list:

- 1. Medical condition:** Turn to the “Covered drugs by medical condition” section, which begins on page 12, to look for drugs based on your medical conditions. For example, if you want to find drugs used to treat high cholesterol, go to the “Cardiovascular Agents” category and look under “Dyslipidemics, HMG CoA Reductase Inhibitors.”
- 2. Alphabetical list (index):** If you are not sure what category to look under, turn to the “Index of covered drugs” section, which begins on page 103. Find the name of your drug. The page number where you can find the drug will be next to it.

## Generic drugs

Your plan covers both brand name drugs and generic drugs.

Generic drugs:

- Are approved by the Food and Drug Administration (FDA) as having the same active ingredients as brand name drugs.
- Usually cost less than brand name drugs.

Talk with your doctor to see if any of the brand name drugs you take have generic versions. Then review the drug list to make sure you are getting the drug you need for the least amount of money.

The drug list shows **brand name** drugs in **bold** type (for example, **Humalog**) and generic drugs in plain type (for example, Simvastatin).

## Required actions, restrictions or limits

Some covered drugs may have additional requirements or limits on coverage. If your drug has any requirements or limits, there will be a code(s) in the “Required actions, restrictions or limits” column of the drug list. The codes and what they mean are shown below.

### Utilization Management Restrictions

#### PA - Prior authorization

The plan requires you or your doctor to get prior authorization for certain drugs. This means the plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get approval, the plan may not cover the drug.

#### QL - Quantity limits

The plan will cover only a certain amount of this drug for one co-pay/co-insurance or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

#### ST - Step therapy

There may be effective, lower-cost drugs that treat the same medical condition as this drug. You may be required to try one or more of these other drugs before the plan will cover your drug. If you have already tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan to cover this drug.

### Other Special Requirements for Coverage

#### B/D - Medicare Part B or Part D

Depending on how this drug is used, it may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs). Your doctor may need to provide the plan with more information about how this drug will be used to make sure it's correctly covered by Medicare.

#### HRM - High Risk Medication

This drug is known as a high risk medication (HRM) for Medicare members 65 and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.

#### LA - Limited access

Drugs are considered “limited access” if the FDA says the drug can be given out only by certain facilities or doctors. These drugs may require extra handling, provider coordination or patient education that can't be done at a network pharmacy.

#### MED - Morphine Equivalent Dose

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional edit is called a cumulative Morphine Equivalent Dose (MED). The MED is calculated based on the number of opioid drugs prescribed for you over a period of time. This cumulative limit is required for all plans and is designed to monitor safe dosing levels of opioids for those individuals who may be taking more than one opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

You can find out if your drug has any additional requirements, restrictions or limits by looking it up in the “Covered drugs by medical condition” section that begins on page 12. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may ask us to send you a copy. Our contact information, along with the date we last updated the drug list, is on the cover.

You and your doctor may ask the plan for an exception to these requirements, restrictions or limits, or for a list of other, similar drugs that may treat your health condition. See the, “How to request an exception to the AARP MedicareRx Preferred (PDP) Plans drug list” section on the next page or review your Evidence of Coverage to learn more. If you do not get prior approval from the plan for a drug with a requirement, restriction or limit, you may have to pay the full cost of the drug.

### **If your drug is not on the drug list**

If your drug is not included in this **complete formulary** (list of covered drugs), you should call UnitedHealthcare Customer Service and ask if your drug is covered. Our contact information, along with the date we last updated the drug list, is on the cover.

If you learn that your plan does not cover your drug, you have two options:

1. Ask your plan for a list of similar drugs that it covers. Show the list to your doctor and ask him or her to prescribe one of the appropriate drugs from the list.
2. Ask your plan to make an exception and cover your drug. See next page for information about how to request an exception.

## **How to request an exception to the AARP MedicareRx Preferred (PDP) Plans drug list**

At times you may need to ask for drug coverage that's not normally provided by your plan. When you do, your plan will consider your request and respond with a coverage decision (coverage determination).

You can ask your plan to make an exception to the coverage rules. There are several types of exceptions that you can ask us to make.

- **Formulary exception:** You can ask your plan to cover your drug even if it is not on the drug list. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- **Tiering exception:** You can ask your plan to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- **Utilization exception:** You can ask your plan to waive coverage restrictions or limits on your drug. For example, your plan limits the amount it will cover for certain drugs. If your drug has a quantity limit, you can ask your plan to waive the limit and cover more.

Generally, your plan will approve your request for an exception only if the alternative drugs included in your plan's drug list, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause adverse medical effects.

### **Who can ask for a coverage decision**

You, your authorized representative or your doctor can ask for an initial coverage decision for a formulary exception, tiering exception or utilization restriction exception.

**When you are requesting a formulary exception, tiering exception or utilization restriction exception, your prescriber or physician should submit a statement supporting your request.**

### **Receiving a coverage decision**

Generally, your plan will make a coverage decision within 72 hours after receiving your prescribing physician's statement. You can request an expedited, or fast, decision if you or your doctor believes your health requires it. If your plan agrees to a fast decision, you will receive a decision within 24 hours after your plan receives your doctor's or prescribing physician's supporting statement.

## **What to do while you talk to your doctor about changing your drugs or requesting an exception**

### **New or continuing members**

As a new or continuing member in your plan, you may be taking drugs that are not on the drug list. Or you may be taking a drug that is on the drug list but your ability to get it is limited. For example, you may need prior authorization before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that your plan covers, or request a formulary exception so your plan will cover the drug you are currently taking. While you talk to your doctor to decide what to do, your plan may cover your drug in certain cases during the first 90 days you are a member of your plan.

For each of your drugs that is not on the drug list, or if your ability to get your drugs is limited, your plan may cover at least a temporary 30-day supply (unless you have a prescription written for fewer days) from a network pharmacy. After you receive at least a 30-day supply, your plan will not pay for these drugs, even if you have been a member of your plan less than 90 days.

### **Long-term care facility residents**

If you're a resident of a long-term care facility, your plan may allow you to refill your prescription until you have been provided with at least a 98-day transition supply of the drug consistent with dispensing increment (unless your prescription is written for fewer days). Your plan will also cover more than one refill of these drugs for the first 90 days you are a member of your plan. If you need a drug that's not on the drug list or if you have limited ability to get your drugs but you are past the first 90 days of membership in the plan, your plan will cover at least a 31-day emergency supply of the drug (unless your prescription is written for fewer days) while you request a formulary exception.

### **Other transitions**

You may have an unplanned transition, like a hospital discharge or a change in your level of care. If this happens and your doctor prescribes a drug that is not on the drug list, or a drug that is on the drug list but your ability to get it is limited, your plan may cover a one-time supply of at least 30-days. You may also ask for a one-time emergency supply of at least 30-days to give you time to talk to your doctor about other treatment options or to try to get a formulary exception.

## **Drugs with dosages other than a one-month supply**

### **Drugs packaged in an extended day supply**

Some drugs are packaged from the manufacturer to provide more than a one-month supply. When you fill these drugs, you may have to pay more than one co-pay/co-insurance for a single prescription. For more information, please call UnitedHealthcare Customer Service using the information on the cover.

### **Daily cost share for oral medications filled for less than a one-month supply**

Daily cost share applies only if the drug is in the form of a solid oral dose (e.g., tablet or capsule) when dispensed for a supply of less than one month under applicable law. The daily cost share requirements do not apply to either of the following:

1. Solid oral doses of antibiotics.
2. Solid oral doses that are dispensed in their original container or are usually dispensed in their original packaging to help patients comply with usage and dosage directions.

## **For more information**

For more information about your plan's prescription drug coverage, please review your Evidence of Coverage and other plan materials. If you have questions about your plan, please call us toll-free at **1-888-867-5575**, TTY **711**, 8 a.m. - 8 p.m. local time, 7 days a week. Or visit us online at **[www.MyAARPMedicare.com](http://www.MyAARPMedicare.com)**.

If you have general questions about Medicare prescription drug coverage, visit [www.medicare.gov](http://www.medicare.gov) or call Medicare at 1-800-633-4227, TTY 1-877-486-2048, 24 hours a day, 7 days a week.

## Covered drugs by medical condition

The Comprehensive Formulary (drug list) below provides coverage information about the drugs covered by your plan. If you have trouble finding your drug in the list, turn to the “Index of covered drugs,” which begins on page 103.

The first column of the chart lists the drug name. **Brand name** drugs are listed in **bold** type (for example, **Humalog**) and generic drugs are listed in plain type (for example, Simvastatin).

The second column of the chart lists which coverage level (Tier) your drug is in.

The “Required Actions, Restrictions or Limits” column shows you if your plan has any special coverage requirements for the drug. If quantity limits (QL) apply to a drug, the restriction amounts are shown in the chart on pages 82-102.

Drug Name	Drug Tier	Required Actions, Restrictions or Limits	Drug Name	Drug Tier	Required Actions, Restrictions or Limits
<b>Analgesics</b>			Diclofenac Sodium ER (Tablet Extended-Release 24 Hour)	2	
<b>Analgesics</b>			Diflunisal (Tablet)	3	
Butalbital/ Acetaminophen/ Caffeine (50mg-325mg-40mg Tablet)	3	QL	Etodolac (200mg Capsule, 300mg Capsule, 400mg Tablet Immediate-Release, 500mg Tablet Immediate-Release)	3	
Butalbital/Aspirin/ Caffeine (Capsule)	3	QL	Etodolac ER (Tablet Extended-Release 24 Hour)	3	
<b>Nonsteroidal Anti-inflammatory Drugs</b>			<b>Flector (Patch)</b>	4	PA, QL
Celecoxib (Capsule)	4	QL	Flurbiprofen (Tablet)	2	
Diclofenac Potassium (Tablet Immediate- Release)	2		Ibuprofen (100mg/5ml Suspension, 400mg Tablet, 600mg Tablet, 800mg Tablet)	2	
Diclofenac Sodium (1% Gel)	3	PA			
Diclofenac Sodium DR (Tablet Delayed- Release)	2

## Drugs with a quantity limit (QL)

This list shows drugs that have a quantity limit. Your plan will cover only a certain amount of these drugs for one co-pay/co-insurance or will only cover these drugs for a certain number of days. These limits may be in place to ensure your safety.

Drugs are listed in alphabetical order in the chart below. Some drugs come in many strengths. Each strength may have a different quantity limit. If quantity limits for a drug vary by strength, the different strengths are listed on separate lines.

For more information about quantity limits, talk to your doctor or pharmacist. You can also call us. Our contact information, along with the date we last updated the drug list, is on the cover.

Drug Name	Quantity Limit
Abacavir (Tablet)	Maximum of 3 tablets per day
Abacavir Sulfate/Lamivudine/Zidovudine (Tablet)	Maximum of 3 tablets per day
<b>Abstral (Tablet Sublingual)</b>	Maximum of 4 tablets per day
Acarbose (100mg Tablet)	Maximum of 3 tablets per day
Acarbose (25mg Tablet)	Maximum of 12 tablets per day
Acarbose (50mg Tablet)	Maximum of 6 tablets per day
Acetaminophen/Codeine (120mg-12mg/5ml Oral Solution)	Maximum of 140 ml per day
Acetaminophen/Codeine (300mg-15mg Tablet, 300mg-30mg Tablet, 300mg-60mg Tablet)	Maximum of 13 tablets per day
Acyclovir (5% Ointment)	Maximum of 1 tube (30 grams) per 30 days
<b>Adcirca (Tablet)</b>	Maximum of 2 tablets per day
<b>Advair Diskus (Aerosol Powder)</b>	Maximum of 1 inhaler (60 blisters) per 30 days
<b>Advair HFA (Aerosol)</b>	Maximum of 1 inhaler (12 grams) per 30 days
Afeditab CR (Tablet Extended-Release 24 Hour)	Maximum of 2 tablets per day
<b>Albenza (Tablet)</b>	Maximum of 16 tablets per day
<b>Alecensa (Capsule)</b>	Maximum of 8 capsules per day
Alendronate Sodium (10mg Tablet, 40mg Tablet, 5mg Tablet)	Maximum of 1 tablet per day
Alendronate Sodium (35mg Tablet)	Maximum of 8 tablets per 28 days
Alendronate Sodium (70mg Tablet)	Maximum of 4 tablets per 28 days
Alprazolam (0.25mg Tablet Immediate-Release, 0.5mg Tablet Immediate-Release, 1mg Tablet Immediate-Release)	Maximum of 4 tablets per day
Alprazolam (2mg Tablet Immediate-Release)	Maximum of 5 tablets per day
<b>Amitiza (Capsule)</b>	Maximum of 2 capsules per day

**Bold type = Brand name drug**

Plain type = Generic drug

Drug Name	Quantity Limit
Amphetamine/Dextroamphetamine (10mg Capsule Extended-Release 24 Hour, 15mg Capsule Extended-Release 24 Hour, 20mg Capsule Extended-Release 24 Hour, 25mg Capsule Extended-Release 24 Hour, 30mg Capsule Extended-Release 24 Hour, 5mg Capsule Extended-Release 24 Hour)	Maximum of 2 capsules per day
Amphetamine/Dextroamphetamine (10mg Tablet Immediate-Release, 12.5mg Tablet Immediate-Release, 15mg Tablet Immediate-Release, 30mg Tablet Immediate-Release, 5mg Tablet Immediate-Release, 7.5mg Tablet Immediate-Release)	Maximum of 2 tablets per day
Amphetamine/Dextroamphetamine (20mg Tablet Immediate-Release)	Maximum of 3 tablets per day
<b>Ampyra (Tablet Extended-Release 12 Hour)</b>	Maximum of 2 tablets per day
<b>Androderm (Patch 24 Hour)</b>	Maximum of 1 patch per day
<b>Anoro Ellipta (Aerosol Powder)</b>	Maximum of 1 inhaler (60 blisters) per 30 days
<b>Apokyn (Injection)</b>	Maximum of 2 cartridges (6 ml) per day
<b>Apriso (Capsule Extended-Release 24 Hour)</b>	Maximum of 4 capsules per day
<b>Aptiom (200mg Tablet, 400mg Tablet, 800mg Tablet)</b>	Maximum of 1 tablet per day
<b>Aptiom (600mg Tablet)</b>	Maximum of 2 tablets per day
<b>Aptivus (100mg/ml Oral Solution)</b>	Maximum of 15 ml per day
<b>Aptivus (250mg Capsule)</b>	Maximum of 6 capsules per day
Aripiprazole (Tablet)	Maximum of 1 tablet per day
Aripiprazole ODT (10mg Tablet Dispersible)	Maximum of 3 tablets per day
Aripiprazole ODT (15mg Tablet Dispersible)	Maximum of 2 tablets per day
<b>Arnuity Ellipta (Aerosol Powder)</b>	Maximum of 1 inhaler (30 blisters) per 30 days
<b>Aspirin/Dipyridamole (Capsule Extended-Release 12 Hour)</b>	Maximum of 2 capsules per day
Atorvastatin Calcium (Tablet)	Maximum of 1 tablet per day
<b>Atripla (Tablet)</b>	Maximum of 2 tablets per day
<b>Aubagio (Tablet)</b>	Maximum of 1 tablet per day
<b>Avandia (2mg Tablet)</b>	Maximum of 4 tablets per day
<b>Avandia (4mg Tablet)</b>	Maximum of 2 tablets per day
Azelastine HCl (0.1% Nasal Solution)	Maximum of 2 bottles (60 ml) per 30 days
<b>Belsomra (Tablet)</b>	Maximum of 1 tablet per day

**Bold type = Brand name drug**

Plain type = Generic drug

Drug Name	Quantity Limit
Benazepril HCl (Tablet)	Maximum of 2 tablets per day
Benazepril HCl/Hydrochlorothiazide (Tablet)	Maximum of 1 tablet per day
<b>Benicar (20mg Tablet, 40mg Tablet)</b>	Maximum of 1 tablet per day
<b>Benicar (5mg Tablet)</b>	Maximum of 2 tablets per day
<b>Benicar HCT (Tablet)</b>	Maximum of 1 tablet per day
<b>BiDil (Tablet)</b>	Maximum of 6 tablets per day
<b>Binosto (Tablet Effervescent)</b>	Maximum of 4 tablets per 28 days
Bisoprolol Fumarate/Hydrochlorothiazide (2.5mg-6.25mg Tablet, 5mg-6.25mg Tablet)	Maximum of 2 tablets per day
<b>Bosulif (100mg Tablet)</b>	Maximum of 6 tablets per day
<b>Bosulif (500mg Tablet)</b>	Maximum of 1 tablet per day
<b>Botox (Injection)</b>	Maximum of 9 vials per 30 days
<b>Breo Ellipta (Aerosol Powder)</b>	Maximum of 1 inhaler (60 blisters) per 30 days
<b>Brilinta (Tablet)</b>	Maximum of 2 tablets per day
<b>BRIVIACT (100mg Tablet, 10mg Tablet, 25mg Tablet, 50mg Tablet, 75mg Tablet)</b>	Maximum of 2 tablets per day
<b>BRIVIACT (10mg/ml Oral Solution)</b>	Maximum of 20 ml per day
<b>BRIVIACT (50mg/5ml Intravenous Solution)</b>	Maximum of 20 ml per day
<b>Brovana (Nebulized Solution)</b>	Maximum of 2 vials (4 ml) per day
Buprenorphine HCl (2mg Tablet Sublingual, 8mg Tablet Sublingual)	Maximum of 3 tablets per day
Buprenorphine HCl/Naloxone HCl (Tablet Sublingual)	Maximum of 3 tablets per day
Butalbital/Acetaminophen/Caffeine (Tablet)	Maximum of 6 tablets per day
Butalbital/Aspirin/Caffeine (Capsule)	Maximum of 6 capsules per day
Butorphanol Tartrate (10mg/ml Nasal Solution)	Maximum of 2 bottles (5 ml) per 30 days
<b>Butrans (Patch Weekly)</b>	Maximum of 4 patches per 28 days
<b>Bydureon (2mg Pen injector)</b>	Maximum of 4 pens per 28 days
<b>Bydureon (2mg Suspension Extended-Release)</b>	Maximum of 4 vials per 28 days
<b>Byetta (10mcg/0.04ml Solution Pen injector)</b>	Maximum of 1 pen (2.4 ml) per 30 days
<b>Byetta (5mcg/0.02ml Solution Pen injector)</b>	Maximum of 1 pen (1.2 ml) per 30 days
<b>Bystolic (10mg Tablet, 2.5mg Tablet, 5mg Tablet)</b>	Maximum of 1 tablet per day
<b>Bystolic (20mg Tablet)</b>	Maximum of 2 tablets per day
<b>Cabometyx (20mg Tablet, 60mg Tablet)</b>	Maximum of 1 tablet per day
<b>Cabometyx (40mg Tablet)</b>	Maximum of 2 tablets per day

**Bold type = Brand name drug**

Plain type = Generic drug

Drug Name	Quantity Limit
Calcitonin-Salmon (Nasal Solution)	Maximum of 1 bottle per 28 days
Captopril (100mg Tablet)	Maximum of 4 tablets per day
Captopril (12.5mg Tablet, 25mg Tablet)	Maximum of 3 tablets per day
Captopril (50mg Tablet)	Maximum of 9 tablets per day
Captopril/Hydrochlorothiazide (25mg-15mg Tablet, 50mg-15mg Tablet)	Maximum of 3 tablets per day
Captopril/Hydrochlorothiazide (25mg-25mg Tablet, 50mg-25mg Tablet)	Maximum of 2 tablets per day
Celecoxib (Capsule)	Maximum of 2 capsules per day
Clonazepam (0.5mg Tablet Immediate-Release, 1mg Tablet Immediate-Release)	Maximum of 4 tablets per day
Clonazepam (2mg Tablet Immediate-Release)	Maximum of 10 tablets per day
Clonazepam ODT (0.125mg Tablet Dispersible, 0.25mg Tablet Dispersible, 0.5mg Tablet Dispersible, 1mg Tablet Dispersible)	Maximum of 4 tablets per day
Clonazepam ODT (2mg Tablet Dispersible)	Maximum of 10 tablets per day
Clopidogrel (75mg Tablet)	Maximum of 4 tablets per day
Clorazepate Dipotassium (15mg Tablet)	Maximum of 6 tablets per day
Clorazepate Dipotassium (3.75mg Tablet)	Maximum of 24 tablets per day
Clorazepate Dipotassium (7.5mg Tablet)	Maximum of 12 tablets per day
Clozapine ODT (100mg Tablet Dispersible)	Maximum of 9 tablets per day
<b>Clozapine ODT (12.5mg Tablet Dispersible)</b>	Maximum of 2 tablets per day
<b>Clozapine ODT (150mg Tablet Dispersible)</b>	Maximum of 6 tablets per day
<b>Clozapine ODT (200mg Tablet Dispersible)</b>	Maximum of 4 tablets per day
Clozapine ODT (25mg Tablet Dispersible)	Maximum of 3 tablets per day
Codeine Sulfate (Tablet)	Maximum of 6 tablets per day
<b>Colchicine (0.6mg Tablet) (Generic Colcrys)</b>	Maximum of 4 tablets per day
<b>Complera (Tablet)</b>	Maximum of 2 tablets per day
<b>Cotellic (Tablet)</b>	Maximum of 3 tablets per day
<b>Crestor (Tablet)</b>	Maximum of 1 tablet per day

---

If you are a member of a group sponsored plan (your coverage is provided through a former employer, union group or trust), please call the UnitedHealthcare Customer Service number on the back of your member ID card.

---

Beneficiaries must use network pharmacies to access their prescription drug benefit. Benefits, formulary, pharmacy network, and/or co-payments/co-insurance may change on January 1 of each year, and from time to time during the plan year. You will receive notice when necessary.

This information is available for free in other languages. Please call our UnitedHealthcare Customer Service number listed above.

Esta información está disponible sin costo en otros idiomas. Llame a Servicio al Cliente de UnitedHealthcare al número indicado arriba.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare. AARP® MedicareRx Plans carry the AARP name, and UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP.
