Protection for disabling sickness or injuries

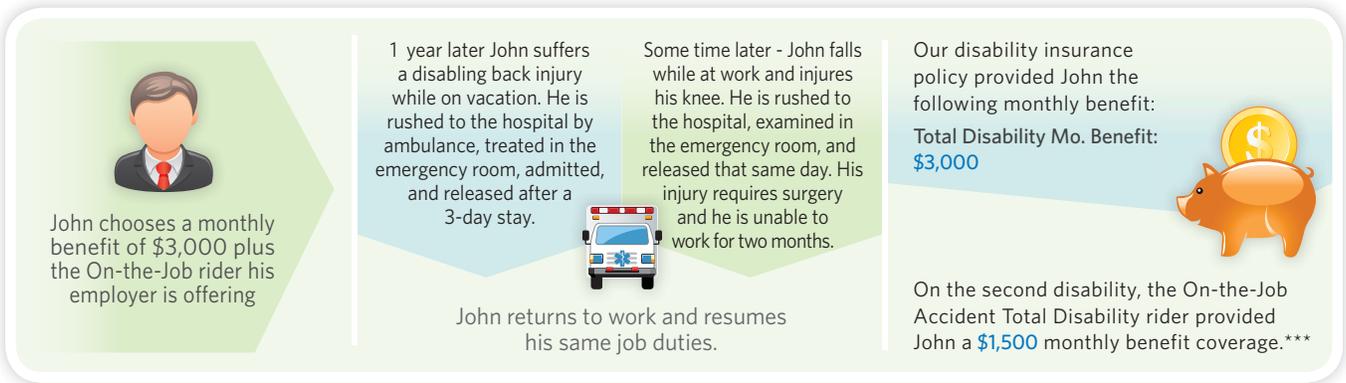

# disability

Individual disability coverage from Allstate Benefits provides a monthly cash benefit when you suffer a sickness or injury that leaves you totally disabled or partially disabled.

You can't predict if or when you will become disabled in your lifetime. But you can plan for a disability by having coverage in place to help provide an income should you become disabled due to a sickness or injury and are unable to work. Our coverage can help provide a monthly income when it is needed most.

Disability benefits can offer peace of mind when a disability occurs. Below is an example of how benefits might be paid.\*

## meeting your needs

Our coverage offers support during a period of unexpected sickness or an off-the-job injury.

- A monthly benefit ranging from \$400-\$5,000, up to 60% of income\*\*
- Affordable premiums are payroll deducted
- Benefits start the first day after the waiting period has passed
- Portable
- Pregnancy benefit
- Guaranteed renewable to age 70, subject to change in premiums by class

\*The example shown may vary from the plan your employer is offering. Your individual experience may also vary. Please see page 2a for your plan details.

\*\*Benefit amounts and periods may vary by state.

\*\*\*See page 3 for conditions and limits. State variations are listed on pages 3 and 4.

## your benefit coverage

Benefits are paid for a sickness or off-the-job injury after the elimination (waiting) period when you are totally disabled and cannot work. Terms and conditions for each benefit vary.\*\*\* Please review your coverage carefully.

**Total Disability** - Pays when totally disabled. Monthly benefit starts after the waiting period has been satisfied. Benefits continue while totally disabled up to the length of the benefit period. You must be actively employed on the date your disability occurs for this monthly benefit to be payable.

**Partial Disability** - Pays 50% of the monthly benefit when partially disabled immediately after at least one month of total disability. Payments continue while partially disabled for up to 3 months, but not beyond the maximum benefit period.

**Pregnancy** - Pays for total disability due to pregnancy as long as the policy has been in effect for at least 10 months.

**Monthly Benefit When You Attain Age 70** - Pays your monthly benefit if you are disabled when you turn 70 for the remainder of your benefit period or 12 months, whichever is less.

**Recurrent Disability** - Pays when disabled from the same or related cause within 6 months without a new waiting period or maximum benefit period.

**Concurrent Disability** - Pays one monthly benefit when disabled due to more than one cause. Being disabled due to more than one cause will not extend the time benefits are paid.

**Waiver of Premium** - Pays the premium after monthly disability benefits are payable for 90 days in a row, for as long as monthly benefits are payable.

## POLICY BENEFIT REDUCTION

**Monthly Benefit Reduction for Social Security and/or Railroad Retirement** - Monthly benefits are reduced if benefits from Social Security, Railroad Retirement, or other federal disability benefits are paid. The amount of reduction equals the total of these other benefits received but the monthly benefit we pay will always be at least \$100.

## OPTIONAL RIDER BENEFIT

**On-the-Job Accident Total Disability** - Pays a benefit equal to the policy monthly benefit. In the months that Workers' Compensation or other state disability benefits are received, the benefit is reduced 50%.

## protection when it is needed the most

Close to 9 out of 10 injuries (87.5%) occur out of work and would not be covered by Workers' Compensation.<sup>1</sup>

If most injuries occur off-the-job, would you have the funds to help cover your bills, pay your mortgage, or continue your child's education? And with the addition of the On-the-Job Accident Total Disability benefit, you have extra protection for those injuries that do occur at work.
