Ohio plan guide

Creating the right health benefits package starts with you and your employees

Plans effective January 1, 2015
For businesses with 51 – 100 eligible employees

Choosing the right health plan

Every company has its own particular needs, driven in part by the health of its employees, by its commitment to health and wellness and, of course, by its financial resources.

We believe creating the right health benefits and insurance plan means combining these four options to meet a company's specific needs: **benefits, network, cost sharing, funding.**

Experience matters

We take the time to listen and learn about your needs. Our experience allows us to share knowledge and provide tools to help achieve the right balance of cost and coverage.

Our approach makes all the difference in the value you get from your plan, and in the satisfaction of your employees.

Today's health care environment demands a new set of solutions to meet new challenges. Together, we can create a healthy future for your company and your employees.

We want to make choosing the right benefits as easy as possible. So we've organized information in this easy-to-understand guide.

Information about your plan due to health care reform

Signed into law in March 2010, the Affordable Care Act is the most life-changing law since the passing of Medicare in the 1960s. We are committed to following the new health care law and to helping you understand its impact.

We have outlined below key changes that may impact your health care benefits.

Essential health benefits package

Aetna plans must offer standard coverage known as “essential health benefits.” This includes all plans inside and outside of the health insurance exchanges. These benefits provide your employees with essential health benefits, and limit cost sharing.

Here are the broad categories of essential benefits that will be included in your employees’ coverage:

- Ambulatory patient services
- Emergency services
- Hospitalization
- Maternity and newborn care
- Mental health and substance abuse services
- Prescription drugs
- Rehabilitative and habilitative services and devices
- Laboratory services
- Preventive and wellness services and chronic disease management
- Pediatric dental
- Pediatric vision

Out-of-pocket (OOP) maximum mandate

All cost sharing must apply toward the OOP maximum, including in-network medical, behavioral health and pharmacy cost sharing. This does not include premiums, bills from non-network providers for amounts above the plan’s allowed amount, or spending for noncovered services.

The out-of-pocket maximum must include:

- Copays
- Deductibles
- Coinsurance

Fees

These fees are included in your premium:

- **Health Insurer Fee** — Annual fee to offset premium subsidies and tax credit related expenses
- **Transitional Reinsurance Program Contribution** — Helps finance the cost of high-risk individuals in the individual market
- **Patient-Centered Outcomes Research Fee (also known as the Comparative Effectiveness Fee)** — Fee to fund clinical outcomes effectiveness research

Guaranteed issue

Guaranteed issue of health insurance coverage applies to individual, small group and large group markets. Guaranteed issue is available for:

- Group health plans/insurance coverage (insured only)
- Individual health insurance coverage (including medical conversion)
- Pharmacy (insured only)
- Behavioral health (insured only)*

Please note that guaranteed issue is not available for:

- Self-funded plans
- Standalone/separate dental or vision
- Hospital indemnity/Fixed indemnity
- Medicare and Medicare Supplement
- Medicaid
- Retiree-only plans
- Grandfathered plans
- Association/MEWA plans

Rating rule changes

The rate review regulations are changing and we are making sure they stay affordable. We are working to protect you from rate increases without decreasing competition, reducing consumer choice of providers, or causing problems.

Waiting period

Plans may not have any waiting periods longer than exactly 90 days. The maximum 90-day waiting period applies to fully insured and self-funded plans. This went into effect for all groups on January 1, 2015.

*No standalone insured behavioral health.

Choosing the right plan for your business

Our product portfolio includes a range of coverage and cost combinations. You'll find choices for different budgets and benefits strategies. And you'll see that we're more than medical. You can round out your benefits offering with dental as well as life and disability offerings.

Tools to help your employees stay healthy, informed and productive

With Aetna health plans, your employees get online tools and helpful resources that let them make the most of their benefits. Our most popular tools include:

- **Secure member website.** Your employees get self-service tools, plus health plan and health information through their Aetna Navigator® website. Think of it as the key that unlocks the full value of their health benefits package. Encourage them to sign up at www.aetna.com.
- **Member Payment Estimator.** With an Aetna health plan, your employees can compare and estimate costs* for office visits, tests, surgeries and more. This means they can save money**—and avoid surprises. This online tool factors in their deductible, coinsurance and copays, plus contracted rates. They can see how much they have to pay and how much the plan will pay. They can log in to their Aetna Navigator member website to use the tool.
- **Online provider directory.** Finding doctors, specialists, hospitals and more in the Aetna network is easy with our DocFind® search tool. It's available at www.aetna.com and the Aetna Navigator member website.
- **My Life Values.** Your employees get 24/7 online services and support for managing their everyday personal and work matters.
- **iTriage.** This is a free mobile app that lets employees research symptoms and diseases, find a medical provider and even book an appointment—all from the convenience of their mobile device. iTriage will guide them to network doctors, hospitals and facilities based on your company health plan. It can help direct your employees to the most appropriate, cost-effective care.

*Estimated costs not available in all markets. The tool gives members estimate of what they would owe for a particular service based on their plan at that very point in time. Actual costs may differ from the estimate if, for example, claims for other services are processed after they get their estimate but before the claim for this service is submitted. Or, if the doctor or facility performs a different service at the time of their visit.

**In 2011, members who used Member Payment Estimator before receiving care saved an average of \$170 out of pocket on 34 common procedures, according to the Member Payment Estimator Study, Aetna Informatics and Product Development, August 2012.

Dental plans

- Dental Maintenance Organization or DMO® plan
- PPO
- PPO Max
- Freedom-of-Choice plan design
- Dual-plan option
- Voluntary dental option

Dental plan extras

There's extra value built into our dental portfolio:

- **Dental-medical integration.** Our program encourages preventive dental care among employees who have diabetes or heart disease, or who are pregnant. This can lead to more of your employees taking steps to stay healthy.

Vision plans

- Aetna VisionSM Preferred Plans

Vision plan extras

- **Choice and convenience and flexibility.** Members have the choice to go to any vision provider. Plus, for added convenience, members can easily schedule an eye exam online with some participating providers. Our plans help members fit vision care in to their lifestyle and our bundled plan options provide the administrative ease of having one bill, one renewal and one trusted company to work for you.
- **The value of a balanced network.** We offer a balanced network of independent eye care providers as well as in-network retail providers that include most preferred national optical retail chains offering flexible evening and weekend hours.
- **Discounts.** Aetna Vision Preferred plan offers additional savings on contact lenses, eyeglasses, prescription sunglasses, LASIK vision correction and more at most in-network locations. Availability varies by state.

Life and disability plans

- Basic life
- Supplemental life
- AD&D Ultra®
- Supplemental AD&D Ultra®
- Dependent life
- Short-term disability
- Long-term disability

Life and disability plan extras

- **Aetna Life EssentialsSM.** Through our program, your employees get access to expert advice on legal and financial matters—at no added cost. Plus, they get discounts on health products and services, like fitness and vision care.*
- **Funeral planning and concierge service.** Through our collaboration with Everest, we offer our life members pre-planning and at-need services.
- **Aetna Return to Work SolutionsSM Program.** Our return to work solutions provide customers with the support and resources they need to help get valued employees back to work safely and as soon as possible.

*These services are discount programs, not insurance.

Choose from a wide range of health benefits and insurance options to fit your needs

About our benefits

Choose from numerous, integrated benefits options that can lead to improved employee engagement and health, while helping you manage your costs. This includes medical, pharmacy, dental, life, disability and vision. Plus, online tools that help employees use their benefits wisely and get help when they need it.

About our network

We have many full-network and tiered-network options to lower employer costs while still providing employees with access to quality care. Our doctor networks prioritize quality and efficiency to improve the health care experience and make it easy for individuals to get the care they need.

About our cost sharing

Some of our cost sharing arrangements encourage employees to become more involved in their own health care and become better health care consumers. Employees with these plans receive more preventive care, have lower overall costs and use online tools more frequently.

About our funding options

We can show you how a combined network, cost-sharing and benefits approach can help you manage your premium to meet your budget. We also offer a range of funding options— from traditional fully insured to enhanced self-insured solutions— that provide different levels of cost, plan control and information access.

Network options for healthy outcomes and lower costs

Our network solutions help lower your costs while providing employees with access to trusted doctors and hospitals. Your employees can still get care within the broad Aetna network. But they pay less out of pocket when they use doctors and hospitals in our special networks. The more they use health care providers in these networks, the more likely you are to see lower medical costs.

We make it easier for your employees, too. They get online tools for estimating costs and finding the right doctors and hospitals.

Cost sharing and premiums for every budget

Your focus is on lower costs. Increasingly, that means greater levels of employee cost sharing. With Aetna in your corner, you can map out a strategy based on your employee base and price point. And you can choose from the full spectrum of health plan types:

- Our fully insured portfolio, traditionally a mainstay for small businesses, provides plans with a range of robust coverage options.
- New self-funded options for small businesses may help you manage costs while simplifying administration and making monthly expenses more predictable.

Health and wellness programs

Having a happier, healthier workforce is important to you. So is cost management. We've found that helping your employees get more involved in managing their health and well-being is a great way to meet these goals. Talk to your broker or Aetna representative to learn more about our programs.

Wellness on us

Wellness for employees means a healthier business for employers. As always, our health benefits and insurance plans offer \$0 copays for in-network eye exams and \$0 copay for in-network preventive care. It's one more way to help employees get a step closer to better health.

Preventive care benefits with no copay:

- Immunizations
- Routine physicals
- Child wellness visits
- Routine mammogram
- Routine OB/GYN visits

No-cost health incentive credit

Members can earn \$50 in just a few simple steps. Members earn a \$50 credit toward their out-of-pocket expenses when they:

- Complete or update their Simple Steps To A Healthier Life® health assessment, and
- Complete one online health program

If the employee's spouse is covered under the plan, he or she is also eligible for the same incentive credit. So a family could save \$100 in out-of-pocket expenses each year. Incentive rewards will be credited toward the deductible and coinsurance amounts. This program is included at no additional cost on all plans except the HSA-compatible plans.

Wellness programs can make health and fitness part of everyday living

- Women's health and preventive health reminders
- Simple Steps To A Healthier Life® program
- Informed Health® 24-hour nurse line*
- Aetna discount programs
- Personal Health Record

Women's preventive health benefits

These services are generally covered at no cost share, when provided in network:

- Well-woman visits (annually and now including prenatal visits)
- Screening for gestational diabetes
- Human papillomavirus (HPV) DNA testing
- Counseling for sexually transmitted infections
- Counseling and screening for human immunodeficiency virus (HIV)
- Screening and counseling for interpersonal and domestic violence
- Breastfeeding support, supplies and counseling
- Generic formulary contraceptives and certain brand formulary contraceptives are covered without member copayment; certain religious organizations or religious employers may be exempt from offering contraceptive services

We make things easy for you

Health plan management and administration is our specialty, which makes it easier for you to manage your health benefits and insurance plans with:

- **eEnrollment.** Handle enrollments, terminations and other changes online, with less paperwork and greater efficiency.
- **eBilling.** Save time and simplify reconciliation and payment, anytime, anywhere, with our secure system. It lets you get, view and pay all your medical and dental bills online.

*While only a doctor can diagnose, prescribe or give medical advice, the Informed Health Line nurses can provide information on thousands of health topics. Members should contact their doctor first with any questions or concerns about their health care needs.

Aetna medical overview

Medical coverage can be a deal-breaker in recruiting and keeping talented employees. Our medical plan portfolio was designed with the needs of businesses like yours in mind. You'll find flexible options, from traditional indemnity to consumer-directed plans. You can choose the plan design and benefits level that fits your budget and achieve the right balance of cost and coverage for your business.

Medical overview

Product name	Product description	PCP required	Referrals required	DocFind network name
Aetna Health Network OptionSM (HNOption)	Aetna Health Network Option is a two-tiered product that allows members to access care in or out of network. Members have lower out-of-pocket costs when they use the in-network tier of the plan. Member cost sharing increases if members decide to go out of network. Members may go to their PCP or directly to a participating specialist without a referral. It is their choice, each time they seek care.	Optional	No	Aetna Health Network Option (Open Access)
Savings Plus Health Network Option	The Aetna Savings Plus Health Network Option plans in Ohio give small businesses the flexibility and choice to best meet their needs. These plans use the Aetna Ohio Savings Plus network. Each Savings Plus plan has three levels of benefits: Two in-network: <ul style="list-style-type: none"> • Level 1 – When members use the Savings Plus network, they realize maximum savings. • Level 2 – When members use nondesignated network providers, they will see standard savings and higher member costs. Out-of-network: <ul style="list-style-type: none"> • Level 3 – When members use out-of-network providers, they will see the highest member cost. While members have the freedom to receive care from any hospital or specialist, they realize the highest benefit level and the lowest out-of-pocket costs when they access care through the Savings Plus network.	Optional	No	Savings Plus Network Option
PPO	Members can access any participating provider for covered services without a referral. When members seek health care, they have the freedom to choose either network providers at lower out-of-pocket costs, or non-network providers at higher out-of-pocket costs. Members are able to receive emergency services at the in-network coinsurance/copay level.	No	No	Open Choice [®] PPO
Traditional Choice[®] (TC)	This indemnity plan option is available for employees who live outside the plan's network service area. Members coordinate their own health care and may access any recognized provider for covered services without a referral.	No	No	N/A
Religious exemption plans	Available for every plan design and do not cover: <ul style="list-style-type: none"> • Contraceptives (oral drugs, injectable drugs and devices) • Contraceptive counseling • Voluntary sterilization (male and female) — tubal ligation and vasectomy • Elective abortions 			

Aetna high-deductible, HSA-compatible Health Network Option and Traditional Choice plans

Many Aetna high-deductible Health Network Option Savings Plus and PPO health plans are compatible with a health savings account (HSA). HSA-compatible plans provide integrated medical and pharmacy benefits. Preventive care services are exempt from the deductible.

HSAs provide employers and their qualified employees with an affordable tax-advantaged solution that allows them to better manage their qualified medical and dental expenses.

- Employees can build a savings fund to help cover their future medical and dental expenses. HSAs can be funded by the employer or employee and are portable.
- Fund contributions may be tax deductible (limits apply).
- When funds are used to cover qualified out-of-pocket medical and dental expenses, they are not taxed.

It is completely at the discretion of the employer or employee whether or not to establish an HSA.

Note: Employers and employees should consult with their tax advisor to determine eligibility requirements and tax advantages for participation in the HSA plan.

Health savings account (HSA)

No set-up or administrative fees

The Aetna HealthFund HSA, when coupled with a HSA-compatible, high-deductible health benefits and health insurance plan, is a tax-advantaged savings account. Once enrolled, account contributions can be made by the employee and/or employer. The HSA can be used to pay for qualified expenses tax free.

HSA

- Member owns the HSA
- Contributions are tax free
- Member chooses how and when to use HSA dollars
- Roll it over each year and let it grow
- Earns interest, tax free

Today or in the future

- Use now for qualified expenses with tax-free dollars
- Plan for future and retiree health-related costs

High-deductible health plan

- Eligible in-network preventive care services will not be subject to the deductible
- Members pay 100 percent until deductible is met, then only pay a share of the cost
- Meet out-of-pocket maximum, then plan pays 100 percent

Health reimbursement arrangement (HRA)

The Aetna HealthFund HRA combines the protection of a deductible-based health plan with a health fund that pays for eligible health care services. The member cannot contribute to the HRA, and employers have control over HRA plan designs and fund rollover. The fund is available to an employee for qualified expenses on the plan's effective date.

Financial support for out-of-pocket costs

The HRA and the HSA provide members with financial support for higher out-of-pocket health care expenses. Our consumer-directed health products and services give members the information and resources they need to help make informed health care decisions for themselves and their families while helping lower employers' costs.

COBRA administration

Aetna COBRA administration offers a full range of notification, documentation and record-keeping processes that can help employers manage the complex billing and notification processes required for COBRA compliance, while also helping to save them time and money.

Section 125 cafeteria plans and Section 132 transit reimbursement accounts

Employees can reduce their taxable income, and employers can pay less in payroll taxes. There are three ways to save:

Premium-only plans (POP)

Employees can pay for their portion of the group health insurance expenses on a pretax basis. First-year POP fees are waived with the purchase of medical with five or more enrolled employees.

Flexible savings account (FSA)

FSAs give employees a chance to save for health expenses with pretax money. Health care spending accounts allow employees to set aside pretax dollars to pay for out-of-pocket expenses as defined by the IRS. Dependent Care Spending Accounts allow participants to use pretax dollars to pay child or elder care expenses.

Transit reimbursement account (TRA)

TRAs allow participants to use pretax dollars to pay transportation and parking expenses for the purpose of commuting to and from work.

Footnotes

All services are subject to the deductible unless noted otherwise.

Some benefits are subject to age and frequency schedules, limitations or visit maximums.

Members or providers may be required to precertify or obtain approval for certain services.

¹Embedded – No one family member may contribute more than the individual deductible/out-of-pocket limit amount to the family deductible/out-of-pocket limit. Once the family deductible/out-of-pocket limit is met, all family members will be considered as having met their deductible/out-of-pocket limit for the remainder of the calendar year.

TIF – The individual deductible/out-of-pocket limit can only be met when a member is enrolled for self-only coverage with no dependent coverage. The family deductible/out-of-pocket limit can be met by a combination of family members or by any single individual within the family. Once the family deductible/out-of-pocket limit is met, all family members will be considered as having met their deductible/out-of-pocket limit for the remainder of the calendar year.

²Benefit limits are combined between network and out-of-network care.

*How we pay out-of-network providers:

Members may choose a provider (doctor or hospital) in our network. They may choose to visit an out-of-network provider. When members choose a doctor who is out of network, the Aetna health plan may pay some of that doctor's bill. Most of the time, members will pay a lot more money out of pocket if they choose to use an out-of-network doctor or hospital.

When members choose out-of-network care, the plan limits the amount it will pay. This limit is called the "recognized" or "allowed" amount. Those amounts are:

Professional Services: 100% of Medicare

Facility Services: 100% of Medicare

Out-of-network doctors set their own rates. It may be higher—sometimes much higher—than what the Aetna plan "recognizes." Out-of-network doctors may bill for the dollar amount that the plan doesn't "recognize." Members must also pay any copayments, coinsurance and deductibles under the plan. No dollar amount above the "recognized charge" counts toward the deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit www.aetna.com. Type "how Aetna pays" in the search box.

Members can avoid these extra costs by getting care from our broad network of health care providers. Go to www.aetna.com and click on "Find a Doctor" on the left side of the page. Existing members may, sign on to their Aetna Navigator member site.

This applies when members choose to get care out of network. When they have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if they received care in network. Members pay cost sharing and deductibles for the in-network level of benefits. Contact us if a health care provider asks for more. Members are not responsible for any outstanding balance billed by providers for emergency services beyond the cost sharing and deductibles.

**If the physician prescribes or the member requests a covered brand-name prescription drug when a generic prescription drug equivalent is available, the member will pay the difference in cost between the brand-name prescription drug and the generic prescription drug equivalent plus the applicable cost sharing. The cost difference between the generic and brand does not count toward the out-of-pocket limit.

Not all drugs are covered. It is important to look at the Preferred Drug List (Aetna Value Plus Formulary) to understand which drugs are covered.

***Includes nonpreferred generic and brand drugs.

†P=Preferred specialty drugs; NP=Nonpreferred specialty drugs.

Note: For a summary list of limitations and exclusions, refer to page 66. Please refer to our Producer World® website at www.aetna.com for specific Summary of Benefits and Coverage documents. Or for more information, please contact your licensed agent or Aetna sales representative.

Footnotes

All services are subject to the deductible unless noted otherwise.

Some benefits are subject to age and frequency schedules, limitations or visit maximums.

Members or providers may be required to precertify or obtain approval for certain services.

¹Embedded – No one family member may contribute more than the individual deductible/out-of-pocket limit amount to the family deductible/out-of-pocket limit. Once the family deductible/out-of-pocket limit is met, all family members will be considered as having met their deductible/out-of-pocket limit for the remainder of the calendar year.

TIF – The individual deductible/out-of-pocket limit can only be met when a member is enrolled for self-only coverage with no dependent coverage. The family deductible/out-of-pocket limit can be met by a combination of family members or by any single individual within the family. Once the family deductible/out-of-pocket limit is met, all family members will be considered as having met their deductible/out-of-pocket limit for the remainder of the calendar year.

²Benefit limits are combined between network and out-of-network care.

*How we pay out-of-network providers:

Members may choose a provider (doctor or hospital) in our network. They may choose to visit an out-of-network provider. When members choose a doctor who is out of network, the Aetna health plan may pay some of that doctor's bill. Most of the time, members will pay a lot more money out of pocket if they choose to use an out-of-network doctor or hospital.

When members choose out-of-network care, the plan limits the amount it will pay. This limit is called the "recognized" or "allowed" amount. Those amounts are:

Professional Services: 100% of Medicare

Facility Services: 100% of Medicare

Out-of-network doctors set their own rates. It may be higher—sometimes much higher—than what the Aetna plan "recognizes." Out-of-network doctors may bill for the dollar amount that the plan doesn't "recognize." Members must also pay any copayments, coinsurance and deductibles under the plan. No dollar amount above the "recognized charge" counts toward the deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit www.aetna.com. Type "how Aetna pays" in the search box.

Members can avoid these extra costs by getting care from our broad network of health care providers. Go to www.aetna.com and click on "Find a Doctor" on the left side of the page. Existing members may sign on to their Aetna Navigator member site.

This applies when members choose to get care out of network. When they have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if they received care in network. Members pay cost sharing and deductibles for the in-network level of benefits. Contact us if a health care provider asks for more. Members are not responsible for any outstanding balance billed by providers for emergency services beyond the cost sharing and deductibles.

**If the physician prescribes or the member requests a covered brand-name prescription drug when a generic prescription drug equivalent is available, the member will pay the difference in cost between the brand-name prescription drug and the generic prescription drug equivalent plus the applicable cost sharing. The cost difference between the generic and brand does not count toward the out-of-pocket limit.

Not all drugs are covered. It is important to look at the Preferred Drug List (Aetna Value Plus Formulary) to understand which drugs are covered.

***Includes nonpreferred generic and brand drugs.

†P=Preferred specialty drugs; NP=Nonpreferred specialty drugs.

Note: For a summary list of limitations and exclusions, refer to page 66. Please refer to our Producer World® website at www.aetna.com for specific Summary of Benefits and Coverage documents. Or for more information, please contact your licensed agent or Aetna sales representative.

Footnotes

All services are subject to the deductible unless noted otherwise.

Some benefits are subject to age and frequency schedules, limitations or visit maximums.

Members or providers may be required to precertify or obtain approval for certain services.

¹Embedded – No one family member may contribute more than the individual deductible/out-of-pocket limit amount to the family deductible/out-of-pocket limit. Once the family deductible/out-of-pocket limit is met, all family members will be considered as having met their deductible/out-of-pocket limit for the remainder of the calendar year.

TIF – The individual deductible/out-of-pocket limit can only be met when a member is enrolled for self-only coverage with no dependent coverage. The family deductible/out-of-pocket limit can be met by a combination of family members or by any single individual within the family. Once the family deductible/out-of-pocket limit is met, all family members will be considered as having met their deductible/out-of-pocket limit for the remainder of the calendar year.

²Benefit limits are combined between network and out-of-network care.

*How we pay out-of-network providers:

Members may choose a provider (doctor or hospital) in our network. They may choose to visit an out-of-network provider. When members choose a doctor who is out of network, the Aetna health plan may pay some of that doctor's bill. Most of the time, members will pay a lot more money out of pocket if they choose to use an out-of-network doctor or hospital.

When members choose out-of-network care, the plan limits the amount it will pay. This limit is called the "recognized" or "allowed" amount. Those amounts are:

Professional Services: 100% of Medicare

Facility Services: 100% of Medicare

Out-of-network doctors set their own rates. It may be higher—sometimes much higher—than what the Aetna plan "recognizes." Out-of-network doctors may bill for the dollar amount that the plan doesn't "recognize." Members must also pay any copayments, coinsurance and deductibles under the plan. No dollar amount above the "recognized charge" counts toward the deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit www.aetna.com. Type "how Aetna pays" in the search box.

Members can avoid these extra costs by getting care from our broad network of health care providers. Go to www.aetna.com and click on "Find a Doctor" on the left side of the page. Existing members may sign on to their Aetna Navigator member site.

This applies when members choose to get care out of network. When they have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if they received care in network. Members pay cost sharing and deductibles for the in-network level of benefits. Contact us if a health care provider asks for more. Members are not responsible for any outstanding balance billed by providers for emergency services beyond the cost sharing and deductibles.

**If the physician prescribes or the member requests a covered brand-name prescription drug when a generic prescription drug equivalent is available, the member will pay the difference in cost between the brand-name prescription drug and the generic prescription drug equivalent plus the applicable cost sharing. The cost difference between the generic and brand does not count toward the out-of-pocket limit.

Not all drugs are covered. It is important to look at the Preferred Drug List (Aetna Value Plus Formulary) to understand which drugs are covered.

***Includes nonpreferred generic and brand drugs.

Footnotes

All services are subject to the deductible unless noted otherwise.

Some benefits are subject to age and frequency schedules, limitations or visit maximums.

Members or providers may be required to precertify or obtain approval for certain services.

¹Embedded – No one family member may contribute more than the individual deductible/out-of-pocket limit amount to the family deductible/out-of-pocket limit. Once the family deductible/out-of-pocket limit is met, all family members will be considered as having met their deductible/out-of-pocket limit for the remainder of the calendar year.

*If the physician prescribes or the member requests a covered brand-name prescription drug when a generic prescription drug equivalent is available, the member will pay the difference in cost between the brand-name prescription drug and the generic prescription drug equivalent plus the applicable cost sharing. The cost difference between the generic and brand does not count toward the out-of-pocket limit.

Not all drugs are covered. It is important to look at the Preferred Drug List (Aetna Value Plus Formulary) to understand which drugs are covered.

**Includes nonpreferred generic and brand drugs.

***P = Preferred specialty drugs; NP = Nonpreferred specialty drugs.

Aetna dental plans

Dental coverage is sure to put a smile on your employees' faces. Our affordable plan design options make it possible for you to add this valuable benefit to your package.

Dental overview

The Mouth MattersSM

Research suggests that serious gum disease, known as periodontitis, may be associated with many health problems. This is especially true if gum disease continues without treatment.¹ Now, here's the good news. Researchers are discovering that a healthy mouth may be important to your overall health.¹

The Aetna Dental/Medical IntegrationSM program* is available at no additional charge when you that have both medical and dental coverage with us. The program focuses on those who are pregnant or have diabetes, coronary artery disease (heart disease) or cerebrovascular disease (stroke) and have not had a recent dental visit. We proactively educate those at-risk members about the impact oral health care can have on their condition. Our member outreach has been proven to successfully motivate those at-risk members who do not normally seek dental care to visit the dentist. Once at the dentist, these at-risk members will receive enhanced dental benefits including an extra cleaning and full coverage for certain periodontal services.

The Dental Maintenance Organization (DMO)[®]

Members select a primary care dentist to coordinate their care from the available managed dental network. Each family member may choose a different primary care dentist and may switch dentists at any time on Aetna Navigator or with a call to Member Services. If specialty care is needed, the primary care dentist can refer the member to a participating specialist. However, members may visit orthodontists without a referral. There are virtually no claim forms to file, and benefits are not subject to deductibles or annual maximums.

Preferred Provider Organization (PPO) plan

Members can choose a dentist who participates in the network or choose a licensed dentist who does not. Participating dentists have agreed to offer our members covered services at a negotiated rate and will not bill members for amounts above the plan's allowed amount.

PPO Max plan

While the PPO Max dental insurance plan uses the PPO network, when members use out-of-network dentists the service will be covered based on the PPO fee schedule, rather than the usual and prevailing charge. The member will share in more of the costs and out-of-network dentists may bill members for amounts above the fee schedule. This plan offers members a quality dental insurance plan with a significantly lower premium that encourages in-network usage.

Freedom-of-Choice plan design option

Get maximum flexibility with our two-in-one dental plan design. The Freedom-of-Choice plan design option provides the administrative ease of one plan, yet members get to choose between the DMO and PPO plans on a monthly basis. One blended rate is paid. Members may switch between the plans on a monthly basis by calling Member Services. Plan changes must be made by the 15th of the month to be effective the following month.

Dual option plan

In the dual option plan design, the DMO may be packaged with any one of the PPO plans. Employees must choose between the DMO and PPO offerings at annual enrollment.

Voluntary Dental option

The voluntary dental option provides a solution to meet the individual needs of members in the face of rising health care costs. Administration is easy, and members benefit from low group rates and the convenience of payroll deductions.

Footnotes

Standard and voluntary dental plan selections 51 – 100

Fixed dollar amounts including the office visit and ortho copays on the DMO in plan options 1A–3A are member responsibility.

Most oral surgery, endodontic and periodontic services are covered as basic services on the DMO in plan options 1A–3A. All oral surgery, endodontic and periodontic services are covered as basic on the PPO in plan options 2A–7A and 4B.

Out-of-network plan payments are limited by geographic area on the PPO in plan options 3A, 5A–7A and 4B to the prevailing fees at the 90th percentile.

Plan options 2A and 4A; PPO Max nonpreferred (out-of-network) coverage is limited to a maximum of the plan's payment, which is based on the contracted maximum fee for participating providers in the particular geographic area.

Coverage for implants is included as a major service on the PPO in plan option 3A, 6A and 7A.

The DMO in plan option 1 cannot be sold as full-replacement coverage. Must be combined with plan options 4A–7A and 4B in a dual option offering.

Orthodontic coverage is available to dependent children only.

Plan features and availability may vary by location and are subject to change. Information is believed to be accurate as of the production date; however, it is subject to change.

Voluntary plan: if there is a lapse in coverage, members may not re-enroll in the plan for a period of two years from the date of termination. If they are eligible for coverage at that time, they may re-enroll, subject to all provisions of the plan, including, but not limited to, the coverage waiting period.

Above list of covered services is representative. Full list with limitations as determined by Aetna appears in the plan booklet/certificate. For a summary list of limitations and exclusions, refer to page 66.

Aetna vision plans

Keep an eye on your employee's health

We are committed to vision wellness, patient education and the associated preventive care.

Encouraging employees to get vision care can help lower unnecessary costs and improve overall health. During a routine eye exam, all aspects of vision are checked, including the eye's structure and how well the eyes work together. Annual eye exams allow eye care providers to monitor the health of the eyes and track changes that can occur from year to year. Besides measuring vision, eye exams help find early signs of certain chronic health conditions including diabetes, high blood pressure, high cholesterol and eye disease.¹

Discover the freedom to see any licensed vision office or retailer

Nearly 60 percent of eyewear dollars in the United States are spent at optical retailers.² With Aetna Vision Preferred, you and your employees will have access to one of the largest national networks with over 65,000 vision office and retailers, featuring most preferred national retailers,³ including LensCrafters®, Pearle Vision®, Sears® Optical, Target Optical® and JCPenney Optical. Most have evening and weekend hours, including Sundays and are located in or near shopping centers for added convenience. Can't find your provider in our network? No problem. We reimburse for most services from out-of-network vision care providers, so members are covered no matter who they see for routine eye care.

Low member out-of-pocket costs

Aetna Vision Preferred offers savings in or out of network for routine eye exams, contact lenses and eyeglasses, including prescription sunglasses and designer frames.

Aetna life & disability

With Aetna as your insurer, you can round out employee benefits package with even more coverage. Our group life and disability is an affordable way to offer your employees — and their families — the extra financial protection of life insurance and disability benefits.

Life & disability

overview

For groups of 51 and above, we offer a robust portfolio of life and disability products with flexible plan features. Please consult your sales representative for a plan designed to meet your group's needs:

- Basic life
- Supplemental life
- AD&D Ultra®
- Supplemental AD&D Ultra®
- Dependent life
- Short-term disability
- Long-term disability

Life insurance

We know that life insurance is an important part of the benefits package you offer your employees. That's why our products and programs are designed to meet your needs for:

- Flexibility
- Added value
- Cost efficiency
- Experienced support

We help you give employees what they're looking for in lifestyle protection, through our selected group life insurance options. And we look beyond the benefits payout to include useful enhancements through the **Aetna Life EssentialsSM** program.

So what's the bottom line? A portfolio of value-packed products and programs to attract and retain workers — while making the most of the benefits dollars you spend.

Giving you (and your employees) what you want

Employees are looking for cost-efficient plan features and value-added programs that help them make better decisions for themselves and their dependents.

Our life insurance plans come with a variety of features including:

Accelerated death benefit. Also called the "living benefit," the accelerated death benefit provides payment to terminally ill employees or spouses. This payment can be up to 75 percent of the life insurance benefit.

Premium waiver provision. Employee coverage may stay in effect up to the amended normal Social Security retirement age without premium payments (unless they retire sooner), if an employee becomes permanently and totally disabled while insured due to an illness or injury before age 60.

Optional dependent life. This feature allows employees to add optional additional coverage for eligible spouses and children for employers with 10 or more employees. This employee-paid benefit enables employees to cover their spouses and dependent children.

Our fresh approach to life

With **Aetna Life Essentials**, your employees have access to programs during their active lives to help promote healthy, fulfilling lifestyles. In addition, Aetna Life Essentials provides for critical caring and support resources for often-overlooked needs during the end of one's life. And we also include value for beneficiaries and their loved ones well beyond the financial support from a death benefit.

AD&D Ultra®

AD&D Ultra is standardly included with our small group term life plans and in our packaged life and disability plans, and provides employees and their families with the same coverage as a typical accidental death and personal loss plan — and then some. This includes extra benefits at no additional cost to you, such as coverage for education or child-care expenses that make this protection even more valuable.

Covered losses include:

- Death
- Loss of limb
- Loss of sight
- Loss of speech
- Loss of hearing
- Third-degree burns
- Paralysis
- Coma
- Total disability
- Exposure and disappearance

Extra benefits for the following:

- Passenger restraint use and airbag deployment*
- Education assistance for dependent child and/or spouse*
- Child care*
- Repatriation of mortal remains*

*Only available if insured loses life.

Life insurance policies and disability insurance plans/policies are offered and/or underwritten by Aetna Life Insurance Company (Aetna).

Disability insurance

Did you know the ability to earn an income is the most important financial resource for an individual? Yet, few take steps to help protect this important resource from the threat of a disability.

No one wants to think about it, but injury or illness can happen at any time. It can impact both your business and your employees' financial well-being. Your business can lose the productivity of valued employees. Your employees can lose their paycheck.

That is why disability insurance is so important. It provides protection for your business and your employees.

We understand disability

We have experienced and caring professionals who understand the challenges of disability. We realize how important it is for your employees to be able to work. That is why we are dedicated to providing solutions.

Here are a few ways our disability plans protect you and your employees:

- Consultative support from your account team is based on the unique needs of your business
- Our embedded **Behavioral Health Unit (BHU)** has compassionate licensed therapists and psychiatric nurses who recognize the complexities of behavioral health conditions. They work with your employees and their health care providers to overcome barriers blocking successful return to work
- Master's level **Vocational Rehabilitation Consultants** offer a coordinated productivity approach centered on the employee's abilities to aid your employee's transition back to the workforce

More choices for interaction

Our best-in-class technology offers more choices for you and your employees to interact with us. Whether you choose mail, phone, e-mail, mobile application or our convenient WorkAbility® Absence Management System online portal, information is available on your schedule, not ours.

- Use of alcohol
- Use of drugs, except as prescribed by a physician
- Use of intoxicants
- Use of alcohol or intoxicants or drugs while operating any form of a motor vehicle whether or not registered for land, air or water use. A motor vehicle accident will be deemed to be caused by the use of alcohol, intoxicants or drugs if it is determined that at the time of the accident the member was:
 - Operating the motor vehicle while under the influence of alcohol is a level that meets or exceeds the level at which intoxication would be presumed under the laws of the state where the accident occurred. If the accident occurs outside of the United States, intoxication will be presumed if the person's blood alcohol level meets or exceeds .08 grams per deciliter; or
 - Operating the motor vehicle while under the influence of an intoxicant or illegal drug; or
 - Operating the motor vehicle while under the influence of a prescription drug in excess of the amount prescribed by the physician; or
 - Operating the motor vehicle while under the influence of an over-the-counter medication taken in an amount above the dosage instructions
- Suicide or attempted suicide (while sane or insane)
- War or any act of war (declared or not declared)

*These do not apply if the loss is caused by:

- An infection that results directly from the injury
- Surgery needed because of the injury

The injury must not be one that is excluded by the terms of this section.

Disability

Disability coverage also does not cover any disability that:

- Is due to an occupational illness or occupational injury except in the case of sole proprietors or partners who cannot be covered by workers' compensation
- Is due to insurrection, rebellion, or taking part in a riot or civil commotion
- Is due to intentionally self-inflicted injury (while sane or insane)
- Is due to war or any act of war (declared or not declared).
- Results from your commission of, or attempt to commit a criminal act
- Results from a motor vehicle accident caused by operating the vehicle while under the influence of alcohol. A motor vehicle accident will be deemed to be caused by the use of alcohol if it is determined that at the time of the accident the member was operating the motor vehicle while under the influence of alcohol at a level that meets or exceeds the level at which intoxication would be presumed under the laws of the state where the accident occurred.) If the accident occurs outside of the United States, intoxication will be presumed if the person's blood alcohol level meets or exceeds .08 grams per deciliter

Disability coverage does not cover any disability on any day that the member is confined in a penal or correctional institution for conviction of a criminal act or other public offense. The member will not be considered to be disabled, and no benefits will be payable.

No benefit is payable for any disability that occurs during the first 12 months of coverage and is due to a pre-existing condition for which the member was diagnosed, treated or received services, treatment, drugs or medicines three months before the coverage effective date.

Employee and dependent life insurance

The plan may not pay a benefit for deaths caused by suicide, while sane or insane, or from an intentionally self-inflicted injury, within two years from the effective date of the person's coverage. If death occurs after two years of the effective date but within two years of the date that any increase in coverage becomes effective, no death benefit will be payable for any such increased amount.

Vision

Benefits are not provided for services or materials arising from: Orthoptic or vision training, subnormal vision aids and any associated supplemental testing; Aniseikonic lenses; Medical and/or surgical treatment of the eye, eyes or supporting structures; Any eye or vision examination, or any corrective eyewear required by a policyholder as a condition of employment; safety eyewear; Services provided as a result of any workers' compensation law, or similar legislation, or required by any governmental agency or program whether federal, state or subdivisions thereof; Plano (nonprescription) lenses and/or contact lenses; Nonprescription sunglasses; Two pair of glasses in lieu of bifocals; Services or materials provided by any other group benefit plan providing vision care; Certain brand-name vision materials in which the manufacturer imposes a no-discount policy; or services rendered after the date an insured person ceases to be covered under the policy, except when vision materials ordered before coverage ended are delivered, and the services rendered to the insured person are within 31 days from the date of such order. Lost or broken lenses, frames, glasses, or contact lenses will not be replaced except in the next benefit frequency when vision materials would next become available. Benefits may not be combined with any discount, promotional offering, or other group benefit plans.
