Re: New Medical Mutual/Anthem Servicing Agency

Nationwide Brokerage Solutions, the organization we have partnered with over the years to service your health insurance plan is exiting the health insurance business this spring. As a result, our agency will find it very difficult to adequately service your health insurance plan going forward.

Therefore, we are recommending John Dodd Jr. and the Health Enrollment Management Agency to take over your account. John's agency is one of Medical Mutual's largest agencies servicing Ohio Farm Bureau contracts and policies written on the federal exchange with several insurers. His team comes highly recommended, and we're confident that this relationship will be valuable to you as things change even more in the coming months and years in the health insurance market.

In order to effect this change, an "Agent of Record" is required by the insurer which we have included in this correspondence. This letter can be mailed, faxed or emailed to Mr. Dodd
